

# Services Rate Card

Below are Nextrev Creative Services basic rates. These are pricing guidelines and since every job is different, they are not absolute. Please call if you have any questions.

Thanks,

Nextrev Creative Services

Service Description	Rates
<b>Search Engine Optimization</b> Starting price. SEO makes your content easier for viewers to find through Google and Yahoo! We'll find the terms people use most often to locate the products and services your company sells. We'll also setup account analysis and register the site with top search engines and directory indexes. Website implementation will be charged at \$85/hr. In some cases, a Site Analysis will be recommended as a first step towards optimizing your site.	\$399
<b>PPC Ad Campaign Setup</b> Starting price: This is a one-time setup fee per advertising venue. We setup your Adwords or Yahoo marketing accounts. Actual click costs are not included.	\$199
<b>Site Analysis</b> Starting price. We find the strengths and weaknesses in your website information architecture, SEO potential and how to improve the viewer experience on your site.	\$199
<b>Design and Content Creation</b> Price per/hr for print and web design services. Programming services and video production and editing services available too.	\$85 to \$125
<b>Content Management Systems</b> Starting price. Service includes setup and basic configuration. Design, programming and software acquisition cost (if any) are extra.	\$1250
<b>E-commerce Sites</b> Starting price. We'll install and configure an appropriate e-commerce solution for your business. Design, programming and software acquisition cost (if any) are extra.	\$1900
